MR. OYSTER CHAMPIONS CAUSE

President of School Board, Mrs. Mussey, and Others Insist Upon Concession by Supervisor Cartis, Threaten to Withdraw Support if Proposition Is Not Accepted.

Boys more than thirteen years of age in the District will be allowed the use of the

playgrounds hereafter. This was decided yesterday at a conference between President James F. Oyster, of the board of education; Mrs. Ellen Spencer Mussey, a member of both the board of education and the Playgrounds Association; Superintendent of Schools A. T. Stuart, Director of Intermediate Instruction Charles S. Clark, and Supervisor of Playgrounds Henry S. Curtis. The conference was held in the board room of

the Franklin School. Some time since the director of playgrounds issued an order excluding boys over thirteen years of age from the playgrounds. The boys of the various schools forwarded a complaint to President Oyster. President Oyster and Mrs. Mussey took up the fight for the boys, and immediately communicated with Supervisor Curtis. Mr. Curtis replied to the president of the board that it was impracticable for the older boys to play in the same grounds with the smaller children, but this did not satisfy Mr. Oyster and Mrs. Mussey, and they so informed the Playground Association.

After an exchange of much correspondence, a conference was arranged, and at the conference President Oyster said he support of the board of education from the Playground Association if the boys were not permitted to have the use of the grounds. Mr. Curtis argued that it had
